**Primal  
Church**

**Thank you** for praying for our MWC fellowship groups\*! Starting new churches requires a deep dependence on the mysterious work of the Holy Spirit. The apostle Paul knew this when he wrote,

*I planted the seed, Apollos watered it, but God has been making it grow (1 Corinthians 3:6).*

As you hold these pastors and their families before God, pray for protection and provision. Pray that they will have eyes to see how God is at work around them.

Leading a new church can be lonely, so ask God to surround these leaders with healthy, encouraging, and life-giving teams!

\*ECC church plants that are not yet member churches

Please join us in praying for ongoing conversations with potential new church planters in the Midwest!
