## What participants from previous workshops are saying:

*Instead of feeling "locked out" due to lack of resources, I sensed God opening doors of opportunity through the training I and colleagues received.*

*This is going to grow our ministry!*

*An excellent way to either jumpstart or revitalize your ministry, and be inspired by the diverse environment—all that God is doing in pockets all over the country!*

*While you may walk away feeling like you just drank from a fire hose, you'll also walk away feeling equipped and empowered!*

*The Ministry Development Workshop is a MUST for any church/church planter who has a call to share Jesus in the margins.*
